

LABOUR REPRESENTATION COMMITTEE

PUBLIC MEETING **SOLIDARITY WITH CLEANERS IN STRUGGLE**

In recent years brave union organising efforts have been mounted by migrant workers to demand basic rights and a living wage. A number of cleaning companies have responded by sacking union members and activists; they have colluded with the Border Agency in immigration raids to break organised workers. This is an urgent issue for the whole labour movement – come and discuss what should be done.

En los años recientes los trabajadores inmigrantes se an unido valientemente y con mucho esfuerzo se an organizado para exigir los derechos minimos y el salario de sobrevivencia. En respuesta muchas companias de limpieza and despedido miembros del los sindicatos y activistas ; ellos se an juntado con con la agencia de las fronteras para hacer redadas de inmigracion con el fin de romper la union de los trabajadores. Esto es un tema urgente para todas los trabajadores - vega y discuta que podemos hacer.
